Our Campbell Ob/Gyn Staff

Maricelia Andrade

Hi! My name is Maricelia “Mari” Andrade. I have been a medical assistant for 3 years. I completed my externship at Stanford and worked for 7 months in Florida at the Infant and Children’s Clinic. I started at the Campbell Ob/Gyn clinic in July 2004 and work most of the time with Drs. Bryant and Robie. In my spare time, I love to go to the movies. I like working at Kaiser Permanente because I feel that the staff here are very helpful and that I am valued as an employee. I also like that there is a Call Center to help the patients with their needs. I feel that putting the patient’s needs first is very important. I also want to encourage patients to suggest ways we can improve our service (or compliment good service).

Cheryl Bennett

Hi, my name is Cheryl Bennett and I am the manager of the OB clinic. I have been at Campbell since it opened, first as the charge nurse, and now manager. I have been an RN for over 30 years and have worked for Kaiser for the last 19 years. Married for 32 years, we have 3 grown children and 3 wonderful grandsons. I am proud of the care we give our patients, yet know there are always ways to do better. Please feel free to let me know if we can improve our service to you in any way.

Jennifer Brown

Hello, there. My name is Jennifer Brown (but please call me Jenn) and I am the Charge Nurse for OB/GYN and Pediatrics here at Campbell. I have been an RN since 2001 and absolutely love my job. I can’t imagine doing anything else! I enjoy the fact that I learn something new every day and I also like to teach. I currently teach two of the prenatal classes that are offered here. I also believe that smiling is contagious, and try to make sure that your visit to our office will be as good as it can be.

Stacey Da Silva

My name is Stacey Da Silva and I have worked as a medical assistant in Ob/Gyn since 1999. I have been with the Campbell Ob/Gyn department since 2001. Working in Ob/Gyn is great because there are a wide variety of skills needed to do this job well. Every day is different, and I like the challenge and the opportunity for personal growth. My personal interests include spending time with my husband and 2 daughters and enjoying the outdoors.

Tanya Librero

My name is Tanya Librero. I transferred from San Jose Medical Group and found a new home in OB/GYN. I really love this department. We are like one big family. I have 3 children and love outdoor events.

Prakeshni Ram-Whitley

My name is Prakeshni Ram-Whitley, but you can call me Pink for short. I have been a medical assistant since 2003 and currently work most days out at front desk, helping to make sure your visit gets off to a great start. I enjoy reading, watching movies, bowling, and cooking in my spare time. I have no children of my own; however, I take care of my 12 year old nephew. I enjoy working in Ob/Gyn because I like to personally interact with patients who come in and I feel I have a lot to offer. I believe that our service to our patients should be fast, on-time and with a smile!
