FARM-FRESH PRODUCE SUBSCRIPTION SERVICE

Pacific Coast Farmers' Market Association (PCFMA) operates Certified Farmers' Markets around the Bay Area. These markets provide a vital connection between the farmers of Northern California and the consumers of the Bay Area's urban centers.

PCFMA also offers a subscription service that provides farm-fresh fruits, vegetables, greens, and nuts – the very same products found at local farmers' markets. We call these boxes **ProducePaks** and they contain a variety of seasonal fruits and vegetables, along with helpful, nutritious recipes and tips on storing and preparing the fresh products. The ProducePaks are assembled within hours of receiving the fresh-picked products and are ready for pick-up by subscribers at a convenient location.

The subscription service is currently available for pick-ups at **1800 Harrison Street** in Oakland on **Fridays between 11:00 am and 1:00 pm**. The service costs \$15 per week with a minimum subscription of four weeks.

DETAILS, DETAILS, DETAILS...

- [How the subscription services works.](#)
We've designed the program to be as easy for you as possible, while providing the best and freshest California-grown produce. Click the link above to learn more about how the program works.
- [What you'll find in your ProducePaks.](#)
The contents of your ProducePaks will vary from week to week as the seasons change.
