

Faces of Tomorrow

before

after

Dr. Brian K. Rubinstein, Founder and Director of Faces of Tomorrow with a young patient pre-surgery.

Dr. Rubinstein is a board-certified facial plastics and reconstructive surgeon. He is also Chief of Pediatric Otolaryngology—Head and Neck Surgery at Kaiser Permanente in Sacramento, CA. The birth of this organization is a long-realized dream for this compassionate physician. He was recently voted one of Sacramento Magazine's Top Docs for 2007.

DEDICATED TO GIVING CHILDREN WITH FACIAL DEFORMITIES BRIGHT SMILES FOR A BRIGHTER FUTURE

Faces of Tomorrow is a non-profit 501(c)(3) organization committed to providing medical and surgical services to children with facial deformities around the world. We are culturally responsive and compassionate to the patients, their families, and the communities in which the mission serves.

Our next mission will take place in January of 2009 with an expedition to Quito, Ecuador. Our goal is to send a multi-disciplinary team of surgeons, anesthesiologists, dentist and orthodontists, nurses, speech therapists and other volunteers. We will serve approximately 50 cases including children with cleft lip, cleft palate, microtia (absent ears) and other facial deformities.

We can't do it alone. Our goal is to raise \$100,000 this year. Your donation of **\$250** can make a surgery happen for one child. With a donation of **\$500** you can become a **Founding Face Member**. But any amount will help our group accomplish this mission.

In-kind donations of supplies are also needed. Can you help? Please email Tim Sanchez — timothy.s.sanchez@kp.org

Corporate Sponsorships are also available. Please contact Dr. Nima Pahlavan at Nima.P.Pahlavan@kp.org for more information.

For more information, contact Dr. Brian Rubinstein at brian.k.rubinstein@kp.org.

Together, we can make a brighter future for a child -- a gift to make everyone smile.
