

Arm yourself against the flu.

Protect yourself with a free flu vaccination.

Everyone should get a yearly flu vaccination, but it's especially important for:

- Children 6 months old up to their 19th birthday.
- Anyone 50 or older.
- Anyone with a chronic health condition.
- Pregnant women.
- Health care workers.
- Anyone living with or caring for someone in any of these categories, or with a child under 6 months old.

Questions about seasonal flu or H1N1 flu?

Visit kp.org/flu for helpful advice on preventing and treating seasonal flu, and for the latest news about the novel (new) H1N1 flu. The seasonal flu vaccination does not protect against the novel H1N1 virus strain. A separate vaccine for that strain is currently in production.

Free flu vaccinations are available to Kaiser Permanente members only.

Seasonal flu shots will be available at the following locations:

Saturdays October 3rd and October 17th

French Campus, 4141 Geary, Lobby

9:00 a.m. – 4:00 p.m.

Open to both Pediatric and Adult patients

Pediatric patients are welcome to drop in, starting October 5th: Monday through Friday at 2200 O'Farrell St., 6th floor.

9:00 am – 4:00 p.m.

kp.org/flu

Adult patients are welcome to our Flu Booth:

October 5 through October 16, Monday through Friday

2238 Geary, Lobby, 7:00 a.m. – 6:00 p.m.

October 19 through October 30, Monday through Friday

2238 Geary, Lobby, 9:00 a.m. – 4:00 p.m.

For H1N1 information, visit kp.org/flu or kp.org/gripe
