

GET YOUR FREE FLU SHOT SPREAD HEALTH

It's more serious than the common cold and very easy to transmit to other people. The best way to keep from catching the flu or passing it on to your loved ones is by getting a flu vaccination.

Kaiser Permanente will begin seasonal flu vaccinations starting October 3, 2009.
Free flu vaccinations will be available at Kaiser Permanente facilities throughout the winter.

Fresno Area Adult Seasonal Flu Clinics

For updated H1N1 (swine flu) vaccination information
