

Kenneth C. Ip, MD

Refractive Surgeon

Anterior Segment and Cataract Surgeon

# Welcome to our office

“**M**y staff and I take pride in providing you with the best care before, during and after your laser vision correction experience.”

## Background

- Kenneth C. Ip, MD, has been practicing ophthalmology with Kaiser Permanente since 1998 and is one of the leading surgeons in The Permanente Medical Group. He specializes in laser vision correction, refractive, cataract, and anterior segment surgery.
- Dr. Ip has lectured on numerous ophthalmological topics including cranial nerve palsies, infectious retinal disorders, and orbital diseases. His work has been highlighted in the American Academy of Ophthalmology's Annual Meeting. Dr. Ip has participated in various research projects including studies regarding the role of the excimer laser phototherapeutic keratectomy in the treatment of acanthamoeba keratitis at Long Beach Veterans Hospital, glaucoma screening with a hand-held visual field analyzer and efficacy of the Ahmed Glaucoma Valve at the University of California, Irvine.
- Currently a member of the Kaiser Permanente San Francisco Medical Center, Dr. Ip also maintains a clinical academic appointment as a Clinical Instructor at the California Pacific Medical Center in San Francisco. He is also President of the Kaiser Permanente Ophthalmology Society.
- Dr. Ip is bilingual, fluent in English and Chinese (Cantonese dialect) and is board certified by the National Board of Medical Examiners and by the American Board of Ophthalmology.
